

Procedures for Membership

1. To become an AWAS member, we ask that you first spend some time finding out a little more about us. Information is available on the web, and also in the studio. You are more than welcome to visit our studio and introduce yourself, and join us in a studio session as a try out.
2. If you would like to progress, call one of our committee members (contact details are available on our website, or in our newsletter) to arrange an introduction. They can meet with you and tell you a little more about AWAS and answer any of your questions.
3. Complete your membership application form, and arrange for a committee member to countersign your application. Instructions for submission of the completed form are on the form itself.
4. Payment of subscription may be by cheque (to AWAS) or direct to our bank account.
5. Upon acceptance, new members will receive an AWAS membership card. This may be used to obtain discounts at supporting businesses.
